HOPKINSVILLE AGREEMENT.

Once more Hopkinsville is to the front as the "best town on earth."

It was Hopkinsville that took a stand against night riding in the interest of the Association three years ago and has never yielded an inch in the fight for law and order. Its position has been vindicated and the night rider has retired from business.

It was Hopkinsville that first offered armed resistance to midnight marauders and shot a night rider for every building burned in the unfinished raid.

It was Hopkinsville that first put soldiers in the field, to combat force with force, and kept them there until the last night rider had laid down his gun and returned to his plow.

It was Hopkinsville that first demanded public officers who would do their duty uninfluenced and undeterred by the criminal element and that stands ready to back up the demand.

It was Hopkinsville that first espoused the cause of the farmers in the protest against middlemen's charges in marketing their tobacco and has won that fight for them, giving them the right to sell their tobacco when they want to and in any form they want to.

Hopkinsville is now practically an open market and no man who does not want to prize and store his tobacco need do so. The agreement may not be fully understood in all of its befuddling provisions, but it means that tobacco may be sold loose and the law will permit no unjust discriminations. Hopkinsville, true to its people, has won the fight that means more to the tobacco growers than anything that has been done. The single item of pricing alone last year cost them \$630,000 and sampling cost \$9,000 more, to say nothing of the types and trash appropriated by the organization, probably a million pounds.

With night riding eliminated and graft minimized, the Association can and will live and Hopkinsville deserves the credit for both reforms.

The people at last understand the good part Hopkinsville has played in the fight for their rights and all eyes are turned to "The Pearl City of the Pennyrile" as the "Only Town on the Map."

The Kentuckian subscription list received a handsome increase during the month of January and new subscribers are being added daily. In subscription receipts the year 1908 was one of the four or five "best years" the Kentuckian has enjoyed in its career of 30 years. With but one exception, it was the best year for six years, in spite of the panic, the adoption of the enforced cash system and other drawbacks. No paper ever had a more loyal constituency and for every old subscriber we lose two new ones step in to take his place. The year 1909 bids fair to be a banner year in the extension of its circulation.

The jury was finally made up Saturday in the case of Col. D. B. Cooper, Robin Cooper and John D. Sharp at Nashville. The hearing of testimony will begin to-day. Four of the jurors cannot read nor write and two hardly understand English. All swore they had read nothing of the killing. It was necessary to examine 3019 men to get the 12 jurors.

California has a state senator named Marc Anthony.

A negro was lynched at Houston, Miss., for murdering a preacher.

A negro who attacked a white girl was lynched at Lakeland, Fla., Friday night.

Portuguese papers are tipping off the engagement of King Manuel to Princess Beatrice, a niece of King Edward.

Capt. Frank L. Strange has been given a clear track in the race for mayor of Bowling Green, on the Democratic side.

Two mail robbers held up a train near Denver early Saturday morning and secured probably \$35,000 from registered mail packages, and made good their escape.

E. A. O'Sullivan, a citizen with a luxuriant beard, at Kenner, La., has had the mayor and several other citizens indicted in federal court for cutting off his whiskers as a practical joke.

The United States Forest Service has a plan for the utilization of the wornout farms of the country—a scheme to make them a paying proposition. The idea is simply to plant trees.

They are about to render Senator Knox ineligible for Secretary of State because the senate helped to increase the salary of the office he seeks. After all President Taft may have to get somebody in place of the big trust attorney.

Forty five years ago they called Abraham Lincoln an "abolitionist." Now history calls him an "emancipator." Some day the government may pay for the slaves set free and he can then be called a "liberator."

The Kentucky State Journal has just issued a big special edition that makes Frankfort appear almost as good a city as Hopkinsville, which is saying a good deal. At any rate we are rather proud to have Frankfort in the class of cities headed by Hopkinsville.

The Lincoln centennial exercises in Larue county have caused renewed interest to be taken in the plan to purchase the farms and adjacent lots at Fairview, where Jefferson Davis, President of the Southern Confederacy, was born. Valuable options secured by the Jefferson Davis Memorial Association expire in April, and it is believed they cannot be again secured at the former figures.

The Democratic committee of Hopkins county agreed upon Rom M. Salmon for state senator Saturday and Chairman Chilton, of this county, who was present endorsed Mr. Salmon's nomination, as it was conceded that Hopkins should furnish the candidate. Mr. Salmon is a nephew of Judge L. T. Brasher, of this city, and is a native of Christian county. He is a prominent citizen and party leader in Hopkins and his nomination will be entirely acceptable to the people of this county and add strength to the Democratic ticket.

ORDERLIES

Are a scientific, common-sense cure for constipation. 10c and 25c. They do not set like cathartics.

CRYING FOR HELP.

Lots Of It In Hopkinsville, But Daily Growing Less.

The kidneys cry for help. Not an organ in the whole body so delicately constructed. Not one so important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous. There can be no health where there is poisoned blood. Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted. Are just what overworked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

J. D. Christian, living on Clarksville St., Elkton, Ky., says:

"My kidneys were disordered for a long time, and although I took many remedies, I never received relief until I used Doan's Kidney Pills. They were so entirely satisfactory that I am constantly recommending them to other sufferers of kidney complaint. Doan's Kidney Pills certainly rid my system of kidney complaint in a remarkably short time."

Plenty more proof like this from Hopkinsville people. Call at L. A. Johnson & Co.'s drug store and ask what their customers report.

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
